Pepcap Announces results of Shareholder Meeting and Resignation of Officers

Vancouver, December 12, 2017 – Pepcap Resources Inc. (TSXV: WAV) (“Pepcap” or “the Company”) is pleased to announce that at its Annual General Meeting held today, the following matters were approved:

- The election of Claus Andrup, Edward Rochette and Margaret Wee as directors for the ensuing year
- The appointment of MNP LLP as auditors of the Company

The Company’s stock option plan was not approved by shareholders.

The Company also announces that it has received and accepted the resignation of Mr. Claus Andrup as President and Chief Executive Officer and a Director of the Company. The resignation will take effect immediately.

The Company has further received and accepted the resignation of Gavin Cooper as Chief Financial Officer of the Company. Mr. Cooper will continue as a consultant while the Company searches for his replacement.

The Board reports that it will appoint and announce replacements for Mr. Andrup and Mr. Cooper in early 2018.

Company chairman, Mr. Ed Rochette stated: “We wish to thank Claus and Gavin for their contributions to Pepcap during their time with the Company, and we wish them well in their future endeavors.”

About Pepcap Resources Inc.

Forward-Looking Information

Information in this news release that is not current or historical factual information may constitute forward-looking information within the meaning of securities laws. Such forward looking information may include, among other things, statements regarding the potential exploration and development of the mining properties in Indonesia, the future plans and objectives for the mining licences, future opportunities, the negotiation and completion of transactions and the future operating results and economic performance of the Company. Such forward-looking information and statements are based on a number of assumptions, including that the exploration and development activities at the mining properties will continue as planned and that the Company will be able to continue raising the necessary capital to finance its operations. Although we consider these assumptions to be reasonable at the time of preparation, they may prove to be incorrect. Readers are cautioned that the actual future exploration results, operating results and economic performance of the Company are subject to a number of risks and uncertainties. These risks include the inherent risks involved in the exploration and development of mineral properties, the uncertainties involved in interpreting drilling and exploration results and other geological data, the potential for unsuccessful exploration results, changes in project parameters as plans continue to be refined, fluctuating coal prices, the possibility of project cost overruns or unanticipated costs and expenses, uncertainties relating to the availability and costs of financing needed in the future, defects in title at the Sumatra properties in Indonesia, the availability of personnel, materials and equipment on a timely basis, accidents or equipment breakdowns, uninsured risks, political instability, regulatory changes, delays in receiving government approvals, changes in general economic, market or business conditions and other risks as may be described herein and from time to time in the filings made by the Company with securities regulatory authorities in Canada. For more exhaustive information on these risks and uncertainties you should refer to our annual filings which are available on www.sedar.com.

Forward-looking information contained in this news release is based on current estimates, expectations and projections, which we believe are reasonable as of the current date. Readers should not place undue importance on forward-looking information and should not rely upon this information as of any other date. While we may elect to, we are under no obligation and do not undertake to update this information at any particular time except as required by applicable securities law.
